## Our Vision

To grow in our relationship with Christ from studying His Word.

### What do you hope every guest in your group experiences?

Our goal is that guests discover a group of believers welcoming others to study God's Word with us. We invite guests to discussing together with us how we can apply it to our daily lives.

### What do you hope every group member becomes convinced of?

Our desire is that our Life Group members become convinced that God's Word is truly applicable to our everyday lives.

## What kind of person will gain the most from your group?

Anyone who wants to understand what the Bible has to say about who God is and how He interacts with us today will feel at home in this group.
